

# Save-A-Watt *A Hailey energy efficiency rebate program*

## Insulation Field Worksheet

- REQUIREMENTS:**
- Grand 1 installation.
  - Insulation shall be professionally installed.
  - Ceiling insulation may be installed up to R-50; installed insulation must increase R-Value by R-10 or greater.
  - Ceiling insulation over unconditioned space, such as garages, does not qualify for the rebate unless it is part of the thermal envelope for the whole structure.
  - Wall insulation must meet the recommended ENERGY STAR insulation levels for retrofitting existing wood-framed buildings for Zone 6.

Property Address of Installation: \_\_\_\_\_

Installation Date: \_\_\_\_\_
